Sea Mills Primary School

Welcome to Term 3—Spring!

Tulip Room - Kat, Gemma and Kerrie

Julia (1:1)

Geographers • Mathematicians • Artists • Athletes • Authors (writer) • Scientists • Authors (Reader) • Philosophers • Linguists • Engineers • Historians • Musicians

The staff in Tulip Room would like to wish all our families a Happy New Year and we hope that 2023 is filled with love, laughter and memories made. May we also thank you all for the lovely presents that we received from yourselves over the festive period. We are now beginning Spring Term and are getting ready to welcome all the children due to start with us throughout January and February and to those returning.
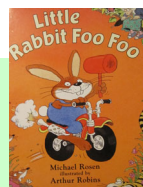

We look forward to going for our regular local walks, planning more trips and getting out and about in the community. We will also be starting yoga sessions once our new children have settled in.
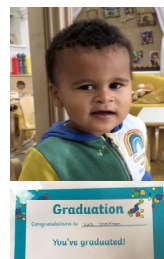

Please bring in suitable spare clothes for your child as they may get wet and/or dirty during their play activities.

Please check your child's learning diary (ILD) for updates of your child's learning stories, photos and videos as we will continually update these.

For new parents, you will receive log-in details shortly after your child's settling-in period to support you with signing up.

Congratulations to our Graduates who have made the move up to Sunflower Room this new term! Thank you very much for attending our Graduation Party and we wish you lots of luck !

HOME LEARNING

The children are highly motivated when telling the story of 'Little Rabbit Foo Foo' written by Michael Rosen. We encourage joining in with actions and take the activity in the learning direction that they like. Our key objectives include listening to stories, joining in with repeated words or phrases, and allowing cues to fill in the missing words.
