Year 3

Term 2 Homework Projects

All home learning will be shared with the class in the last week of term; please can children keep hold of their wonderful work until week 2.

These projects are optional.

Please select as many homework projects as you like from the following.	
Authors Write a non-chronological report on your favourite animal. Include: - Where they live - What they look like - What they like to eat! This could be an animal that you have seen in real life, or a made-up animal of your choice!	**Mathematicians** Have a go at telling the time! This is a skill that we all need to know. You could also look at bus and train timetables and investigate how long it takes to get to different places.

Artists Use different techniques to create a piece of art for your animal. You could use collage, paint, pencils – whatever you have available at home.	**Historians:** Research one of the following periods of history and create a poster with drawings and information. - Stone Age - Bronze Age - Iron Age
