*Wednesday 16th December- Xmas jumper day and dinner*
*Friday 18th December- End of term*

## Homework

Reading to an adult is vital for their development, so please help your child to read at least 5 times a week.
Please also support your child by encouraging them to practice their spellings for the test on Friday, where they will also be rewarded for their scores..
They are also expected to practice their focus times tables weekly in preparations for the year 4 times tables check. There are also optional homework projects, which the children are welcome to show at the end of term.

## Welcome to Year 4!

We hope you all had a good, restful break after a busy first term and are looking forward to another exciting term! It has been lovely getting to know you and the children. We are also focusing on resilience for our Sea Mills Super Skills this term.
I will be very sad to say goodbye to Year 4 at the end of this term as I leave Sea Mills Primary School to start a new adventure teaching overseas. It has been a joy to teach your children, and I am incredibly grateful for all the kindness and support shown by our school community.
Please let us know if you have any questions or things you would like to discuss.

As **mathematicians**, we are going to start the term looking at our times tables. The class will focus on their multiplication and division facts for the 6, 7, 9, 11 and 12 times tables. Then we will begin finding factors of a number and dividing it by itself.

As **authors**, we will produce writing inspired by the books 'Black Dog' by Levi Pinfold and 'Theseus and the Minotaur' by Marcia Williams. We will continue our focus on high standards of presentation and handwriting expectations. We look forward to seeing the excellent work they will produce!

How can we be more eco-friendly?

We will begin our Zero Carbon schools' investigation with the Green Schools Project, where the children will learn about climate change and how we make a positive difference..
